

## Maj. Brown Expected To Name Detective Sergeant Today

Police Head Must Fill Two Vacancies Caused By Promotions

Maj. Ernest W. Brown, police superintendent, was expected today to name a new detective sergeant and a new precinct detective following two promotions and seven retirements announced by the department yesterday.

Detective Sgt. Robert V. Murray, assigned to the 10th precinct, was promoted to the rank of uniformed sergeant. His successor will be picked from the list of precinct detectives and a patrolman probably will be stepped up to replace the latter appointee.

Also promoted to the rank of uniformed sergeant was Pvt. Thomas M. Poland of the 9th precinct, who was second behind Sgt. Murray on the list of precinct detectives. The latter will replace Sgt. William F. McDuffie, veteran officer at No. 9, whose retirement December 1 for disability was recommended.

Sgt. Murray was promoted to his present rank three months ago following the capture of two dope-dealing bandits who held up 14 liquor stores. He also was instrumental in solving 150 housebreakings with his arrest of two burglary suspects.

Officer Poland is scheduled to fill the vacancy left by the death last week of Sgt. Robert A. Johnson, night inspector attached to the second precinct.

Others recommended for retirement due to disability included Pts. Linwood German, eleventh precinct; Horace Oliff, tenth precinct; E. A. Horsley, fourth precinct; A. C. Poulson, first precinct; and Luke Revercomb, third precinct.

that during 1939 it was essential that the deficit coming over from the 1938 campaign be completely wiped out. This, he said, should be done during the first half of the year, so that the committee could spend the second half getting ready for the national campaign of 1940.

**Report on Program.** Dr. Glenn Frank, chairman of the Program Committee, created by the National Committee last year, made a preliminary report to the committee, dealing the work which has been done by his committee. A great deal of groundwork has been accomplished, he said, adding he believed a report would be completed and ready for the committee during the summer of 1939.

The actual building up of the program is proceeding through three agencies, regional drafting committees, topical subcommittees and the central office staff, located in Chicago.

The Program Committee will seek to serve the party by recommending the measures through which it thinks the party can best serve the interests of the American people, it was said. It will undertake to present its recommendations in political usable form. On each problem with which the party must deal in determining its 1940 platform three documents will be presented. First, the actual draft of a suggested plank; second, a clear and compact memorandum giving the supporting data and arguments which led to the suggested plank; and third, a record of extensive soundings of the rank and file Republican reactions to the suggested plank.

**Three Basic Elements.** Further, the report which the Program Committee submits to the National Committee will include three basic elements: First, an expression of political, social and economic philosophy upon which, in the judgment of the committee, the Republican party may confidently bid for national leadership in 1940; second, an objective assessment of the political situation; and third, a program of specific policies for dealing with the major problems confronting the Government.

The National Committee filled two other vacancies, caused by the retirement of Earl Warren of California and Mrs. Clark A. Baker of New Mexico. William F. Knowland, 32-year-old associate editor of the Oakland Tribune and State Senator, was elected in place of Mr. Warren. Mrs. E. L. Moulton in place of Mrs. Baker.

Mr. Warren's retirement also made a vacancy in the Executive Committee, to which Harvey Jewett, Jr., of South Dakota was elected.

Chairman John Hamilton of the National Committee, in announcing the vacancies which were to be filled in the National Committee, said the Republican State committees of New York, New Mexico and California had regularly nominated the candidates. He brought up the New York vacancy first.

Mrs. Worthington Scranton of Pennsylvania moved the election of Mr. Simpson, and he was unanimously elected, as were the two other new members of the committee.

Fifty-five members of the National Committee, from all parts of the country, attended the meeting, and 29 other members were represented by proxy.

of War: Chief Clerk J. W. Jenkins said contributions from employees of this branch will be taken care of by Miss Oliver, in the State Department Building.

Federal Home Loan Bank Board: Secretary R. L. Nagle named Gray Brewer, room 848, F. H. L. B. Building, to receive Christmas gifts. Federal Housing Administration: Donations will be received by Mrs. Elizabeth M. Presley, room 100, first floor, Office Manager W. M. Brittan announced.

Interstate Commerce Commission: William L. Collins, assistant purchasing agent, was designated by John B. Switzer, chief clerk, to accept contributions.

National Capital Park and Planning Commission: Secretary Thomas S. Settle has appointed Miss Helen Kerly and William Kerly as its representatives for the Christmas campaign.

Tennessee Valley Authority: George O. Gillingham, Washington information staff, will receive contributions. He was named by Margaret Owen, T. V. A. Washington representative.

Julian Zier of the Pan-American Union notified Mr. Daniel that he will act as contact man in the inter-American agency.

**Appreciation Expressed.** Mr. Daniel expressed gratification at the response thus far from Federal Government units that are joining in playing the role of Santa Claus for Washington's poor children and needy families.

This sentiment was shared by Col. Edwin A. Halsey, secretary of the United States Senate and congressional representative for the Christmas campaign.

"The first story of Christmas activities on Capitol Hill is evidently meeting with the indorsement of my friends," Col. Halsey commented.

"I feel certain this movement will meet with success," he said. "Any State that has any particular product in generous abundance will find a very happy solution by making a contribution to the needy of the Nation's Capital, and proper recognition will be given to those who would recognize so worthy a cause."

Col. Halsey already is on record with the suggestion that individual members of the family of 48 States turn supplies of their chief products—food, clothing and other items—into the Christmas campaign channel and receive the satisfaction of giving.

Mrs. Walter B. Fry, president of the District Congress of the Parent-Teacher Association, announced that 800 copies of a P.-T. A. news letter outlining the part school patrons will play in the Christmas drive are being mailed to 800 members of the P.-T. A. Executive Committees, principals and supervising principals of schools throughout the District.

**Radio Show Tomorrow.** To spur the campaign's progress the National Broadcasting Co. will present a special radio show tomorrow night at 8 o'clock, drawing all Washington's attention to the chance being given the men and women here to foster Christmas cheer.

## Limiting of Taxicabs Opposed by Group

Laws or regulations restricting the number of taxicabs in the District were opposed last night by the Trinidad Citizens' Association, which praised the type of service and the rates as superior to those of other cities. Competition would regulate the number of cabs in operation, members contended.

The association reaffirmed its stand that automobiles be permitted to park within 20 feet of an intersection.

The association requested newer and better buses serving their area and suggested buses be run at five-minute intervals during the morning hours.
